MOONLIGHT DANCE DRAWS LARGE CROWD

Niles American Legion expects to realize a profit of between two hundred and two hundred and fifty dollars on the moonlight dance given last Saturday night in Niles Canyon. These figures are reliable estimates based on the ticket returns to date. The complete returns on the ticket sales will not be in for a few days.

Spectators judged that a crowd of six hundred people turned out for the dance. The weather Saturday evening was ideal for the open air event, and it turned out a complete success.

Mr. and Mrs. J. E. Thane quietly celebrated the fifty-seventh anniversary of their marriage Tuesday.

Ed Rose Returns From a Week's Trip to Hollywood.

Things look pretty bright for a movie studio in Niles in the near future!

Ed Rose, who returned Monday from a week in Hollywood, is confident that within thirty days one of at least two picture manufacturers will have started preliminary operations in Niles.

There are any number of small independent companies, according to Rose, who would jump at the Niles studio if it was a modern sound-proof structure. Such a company in Hollywood faces a bitter struggle for existence, whereas in a place like Niles their chances of success are materially increased.

In interviewing officials of the leading studios in the south Rose found that many are looking for just such locations as Niles for particular pictures. Through Rose's efforts they will in the future undoubtedly pick on Niles in preference to other similar locations because of the presence of the studio building here.

On Wednesday morning Rose interviewed a Hollywood producer who came to Niles to see him. The result of this interview is as yet unknown and it will influence the course in the immediate future.

If Rose does decide to remodel the studio for talking pictures a picture company will soon locate here. In such an event the company will rent the studio and this will mean one more business for the benefit of Niles.

On arriving in Hollywood last week, Rose immediately sought Ben Turpin, whom he knew in the days when the Essanay company flourished in Niles. He spent two

FRESH PAINT FLOWS FREELY DOWN MAIN STREET THIS WEEK

Three Stores and Flagpole Get New Coats of Paint.

Co-incidently this must be clean-up week in Niles. Three Main street stores and the flag pole all received one coat or more of fresh paint this week.

The finishing touches of painting the store fronts in the Ellsworth building were put on Monday. These fronts have been brightened up with a pleasing coat of gray paint. The space from the show windows to the sidewalk and the trim around the doorways have been painted.

The old Hellwig and LaGrave location blossomed forth the early part of the week with a brilliant red. This store room will soon house a "five-and-ten-cent" concern. According to the carpenters now at work on the interior the place will be ready for acupancy within the next two or three weeks.

The old theater building front was entirely painted from the roof down. This job took two or three days to complete, but now the building shines forth in a coat of beautiful light tan.

And the flagpole was painted. From its golden ball to its concrete base, it was completely painted Monday. It need not hide its head in shame now with the American flag at its top.

All these occurences in the same week, merely coincidences, show that Niles is progressing.

"WHEN GOOD FELLOWS GET TOGETHER--" THESE FOUGHT

They were the best of buddies, but they nearly killed each other.

Three Hetch Hetchy workmen at the Alameda camp near Sunol were driving home through Niles canyon early Monday morning after somewhat of a spree. The machine balked and they alighted to fix it. An argument over the proper method of proceedure resulted in a fight.

One, whose name it appears is John Zagler, struck a companion over the head with a flashlight and knocked him insensible. The third was unsuccessful in attempting to stop the rumpus. Zagler turned to continue repair operations, but his erstwhile opponent soon recovered.

Seizing a large crescent wrench the injured man arose and attacked Zagler. Gore flowed freely and the third member finally succeeded in quelling hostilities. In the meantime passing motorists brought word into Niles.

Nightwatchman Art Roderick found only Zagler and his battle partner when he arrived. Both were brought to Niles and lodged in jail by Constable O. W. Ebright, after Zagler had several scalp wounds dressed by Dr. E. C. Grau.

When questioned Monday neither had any complaint to make against the other. It is said they both admitted getting drunk Sunday night, but neither could find any logical cause for their slight dissension. "We've been buddies for months," they professed, "and we're still buddies." Bloody and scarred, they walked off arm in arm after being released from jail Monday morning.

CAMPAIGN CLOSES ON SATURDAY; NUMEROUS SURPRISES EXPECTED

"JUST A STOMACH ACHE"

Boys will be boys when it comes to eating, especially little boys. John Wilson, 8, of Oakland, has found out that fact now, although he probably wouldn't express it in that manner.

On a picnic with his parents, in Niles canyon Sunday, he overate to such an extent that he was brought to Dr. E. C. Grau, Niles, for first aid. "Just a severe stomach ache," said the doctor.

ALAMEDA COUNTY TAXES DECREASE LAST FIVE YEARS

The trend of the cost of government in Alameda county during the past five years is indicated by an increase of 24 cents in inside and an increase of 24 cents in outside county tax rates during this period, according to a study of county tax rates recently completed by California Taxpayers' association. The tax rate for the fiscal year 1925, according to the association, was $1.55 per $100 of assessed valuation inside and $1.95 per $100.00 of assessed valuation outside of the incorporated areas of the county. The 1930 inside county tax rate was $1.79 while the outside rate was $2.19.

The county tax rate for 1930 was applied upon an assessed valuation which was 41.37 per cent of the actual value of the properties in the county inside incorporated areas and 45.29 per cent of the outside properties, while the 1925 rate was applied upon a assessed valuation which was 40.24 per cent of the actual value for inside properties and 38.36 per cent for outside properties.

During this five year period the assessed valuation of the county increased from $353,955,912 in 1925 to $455,333,371 in 1930. Twelve California counties showed decreases in assessed valuation during this period. They were Butte, Colusa, Fresno, Kern, Mendocino, Napa, Nevada, Plumas, Shasta, Sierra, Trinity, and Tuolumne.

Seven California counties showed increases in county tax rates, inside and outside, and increases in the ratios of assessed to actual value during this five year period. These counties were Alameda, Imperial, Lake, Madera, Mendocino, San Joaquin, and Santo Barbara. Kings, Placer and San Diego counties showed decreases in assessment ratios.

Lorraine Oliver, Elmo Cox Leading; Race Is Close.

On account of the large number of energetic workers entered in The Township Register's Boys' and Girls' Vacation Expense Money Campaign the publisher finds that they will be able to thoroughly canvas Washington Township by the time stated at the start of the campaign and in the Township Register of July 9 and 16 as closing date of August 1, 1931.

Almost one hundred boys and girls registered in the Register's subscription campaign are all anxious as to who will be the winners of the twelve big gifts to be given at the close of the campaign at 7:30 p. m. next Saturday, August 1, and also as to who will win the three special gifts to be given at 5 p. m. next Saturday of a boy's wrist watch and a girl's wrist watch to be given to the boy and girl securing the most points in the campaign from Monday a. m., July 27, to 5 p. m. Saturday, August 1. Five dollars in gold will be given by Campaign Manager O'Brien to the Boy Scout securing the most points from the start of the campaign up to 5 p. m. Saturday, August 1.

The twelve big gifts to be given at the close of the campaign at 7:30 p. m. next Saturday are as follows:

Boys' Gifts

1st Gift—$15 in Gold.
2nd Gift—$10 in Gold.
3rd Gift—$5 in Gold.
4th Gift—Watch.
5th Gift—Camera.
6th Gift—Fountain Pen.

Girls' Gifts

1st Gift—$15 in Gold.
2nd Gift—$10 in Gold.
3rd Gift—$5 in Gold.
4th Gift—Camera.
5th Gift—Fountain Pen.
6th Gift—Pearl Necklace.

Mr. O'Brien particularly emphasizes the fact that children need not obtain any specified number of subscriptions to the Township Register to obtain something in return. Those who get only one subscription will be paid for the effort. The twelve big gifts will be awarded the leaders regardless of the number of subscriptions they obtain.

See that your favorite boy or girl gets their share of The Register's gifts by giving them your subscription or leave it at The Register office, with notice as to what boy or girl you wish to have credit for your subscription.

AMERICA FORESTERS TO HOLD NILES INITIATION

Court Niles No. 110 Foresters of America at a special meeting held July 16 decided to invite the ten lodges in Alameda county to participate in a Monster Class Initiation to be held August 5 at I. O. O. F. hall, Niles.

District organizer Fred Rittler, of Oakland, has been assigned to assist the local members in conducting the membership campaign. Organizer Rittler has just concluded a membership campaign in Monterey county where over three hundred members were added to the rolls of the various lodges. Some of the most prominent business men of the county were included in the list of new members.

Court Niles is working under dispensation on an open charter. A number of business men have already signed up. It is expected that fifty new names will be added to the roll.

Male citizens, whether business, professional, or working men, in good standing in the community and engaged in lawful occupations, are eligable for membership between the ages of 18 and 50.

The order is patriotic in its scope. Its membership reaches into every state in the union. It is non-sectarian and non-political. It features weekly sick and accident benefits as well as death benefits, and furnishes medicine and the services of physicians without cost. The Foresterers of America seek the comfort of members when sick or in affliction and provide relief in time of adversity and distress.

The degree team of Court Livermore No. 77 has been invied to exemplify the ritualistic work. The team is headed by Mayor Fred C. Lassen, P. G. C. R., who has been continuously in office in his lodge for thirty years.

Supervisor Ralph B. Richmond, who has been elected to represent the Grand Lodge of California at the Supreme Court Convention at Boston to convene August 31, has been appointed on the entertainment committee, and together with Louis L. Lewis, promises a red hot show for the evening.

Among the speakers will be G. C. R. Elmer Arnoldy, Marysville, G. S. C. R. Paul O. Weimann, Oakland, G. Secty. Jos. B. Reboli, P. G. C. R. Fred C. Lassen, Livermore, P. G. C. R. Judge Wm. H. Donahue, P. G. C. R. Judge James J. Quinn. and P. G. C. R. Judge Frank Mitchell, Hayward. This meeting will prove to be one of the largest ever held in Niles.

LEGIONNAIRES TO HOLD RALLY IN OAKLAND

Tenth District Veterans' Rally, American Legion, has been scheduled for Tuesday, August 4, at 8 p. m., in Memorial building, 200 Grand avenue, Oakland. It is being sponsored this year by the five American Legion posts of Oakland, District No. 10, and a fine program is being arranged.

Adjutants of all the posts are being asked to be sure and notify all the heavyweights, runts, tall men, and lightweights to be on hand for the unique contests to be staged at the rally featuring men of these descriptions.

GIRLS FINED AND ASKED TO LEAVE COUNTY BY JUDGE

B. Dean, Irene Paule, and Mickey McAllister, of Irvington, pled guilty to vagrancy before Judge J. A. Silva Tuesday and were fined $25 each.

Sentence was passed with the understanding that they leave the county by Wednesday of this week. It was their second offense on the same charge.

NEW NILES COMPANY ANNOUNCES ADDITION TO ITS VARIED LINE

Plant Moved Here Three Months Ago From Oakland.

Western Clay Products Company, new Niles industry, has recently started manufacture of a new product in its Niles plant. The product is roof tile.

Other products turned out by the factory since it started operation in Niles canyon nearly three months ago include terra cotta chimney tile and flue lining, and vitrified sewer pipe.

From thirty-five to forty skilled workmen are at present being employed at the plant. Five kilns are under fire now with three more being filled or emptied and one kiln as yet uncompleted, making a total of nine.

Raw material is dug from the pit directly in back of the factory and is crushed and ground in its dry state. It is then mixed with foreign clays and water, according to the article it is intended for.

These operations take place in the rear of the ground floor. An endless conveyor takes the wet clay to the storage bins in the roof of the second story. From the bins it is placed, as it is used,

PRINCIPLES DUSTY WITH AGE

SOUNDING the Tocsin call of battle, James A. Reed, until very recently United States senator from Missouri, and four years ago a serious contender for the Democratic presidential nomination, takes issue with Herbert Hoover on the question of the international debt holiday, recently settled, from all apparent indications. The senator from Missouri harkens back to the words of Washington and Jefferson warning this country, at that time, to remain out of Old World affairs, and cautioning future generations to avoid alliances of any kind with European governments.

Reed calls attention to domestic conditions, grave in nature, country-wide in scope, and fraught with almost unbearable burdens to all the peoples of the United States. He cites, very aptly, one must admit, the pitiable condition of agriculture and wide-spread unemployment in every industry.

His pronouncements were given major positions on the front page of every Hearst paper in America, and many other publications, either in harmony with the idea of "beautiful isolation," or out of respect to Reed, a man, one will concede, of immense ability and of important personal following among national Democracy.

* * * *

Times have changed in the last dozen years so materially, so sweepingly, so radically, that creeds which were held good, and rich in wisdom, now must be discarded entirely as lacking in practical application. A generation ago, America might have closed its doors to all the world and all the world's affairs and suffered little. Europe's political squabbles in other days were no affairs of ours and the words of the immortal Washington were indeed the words of deep learning. The Democracy of Jefferson in his day and for two generations after was the Democracy of every patriot of the new Republic.

Today, invention and science have changed all the old order of things. The radio, on international hook-ups, has made it possible for all the peoples of the world to hear the voice of statesmen of every land. Through the human voice, and magnetism of oratory, every race and creed learns the aspirations, intentions, hopes of every other nation

MOVING PICTURES SHOW JAPANESE CUSTOMS

Moving pictures of Japan were shown last Friday and Saturday evenings in the I. O. O. F. hall in Alvarado. These pictures were sponsored by J. Takeuchi, secretary of the Japanese Association of Alvarado.

They were photographed in Japan, and show the Japanese customs of years ago. These pictures were of great interest to all of the Japenese people of this district. About 500 were present at both the Friday and Saturday performances.

On Saturday evening an extra feature which had never before been shown in the United States was displayed. It was the story of the Samurai. Kendo (fencing) was also displayed. The award meant to the Samurai the symbol of all that was most manly. The Kendo student who wields his Shinai learns to be a modern Samurai.

Professor T. Nakamura, Kendo master from Japan, is in Honolulu at the resent time and expects to arrive here on August 15th.

and faith. Intrigue, selfishness, baseness cannot live under international discussion. The people hear and understand. The appeal is made direct to them, not to the few potentates, as in the days of Washington.

The airplane, circling the globe in a week, has removed from every part of the world that myth of isolation, of security. One of these winged passenger and freight carriers, when put to the exegencies of warfare, can explode the finest theory of detachment that statesmen may build from the dusty archives of the past. Loaded with bombs, these ships of the air lanes can literally, as well as figuratively, dissolve the principles as enunciated by Reed, of Missouri, and all of the Reeds all over the world.

* * * *

The day of not being concerned with old world affairs has passed. Wise statesmen, and sagacious party leaders will recognize the fact, unpleasant though it may be. Facts must be faced; problems that the new order of things have brought forward, solved. One will not, who is wise, fill his head with discarded and musty ideas of another age.

That does not mean, of course, that every principle of the past has outlived its usefulness in this age of scientific and mechanical wonder. The principles of honesty, justice to the weak, equality before the law, and the teachings of the scriptures endure forever.

* * * *

We hold no brief for the Democratic party, nor are we a chattel of the Republican party. Therefore, only with a thought that the nation will be served best if the two major parties are evenly divided in strength, and a presidential contest become, rightly, a close, hardly fought affair, rather than just a gesture on the part of the Democratic party, that we urge the minority organization to turn its face from the past and toward the future with its added burdens of international affairs. If not, the Democratic party is doomed to extinction and the Republican organization, already careless with its constant lease upon public office, will, with time, grow even more careless of its grave responsibilities.

* * * *

The past is dead. Yesterday is buried. The new day is born. One cannot remain in league with death and dissolution, but must be alive to the issues of the present and plan for the problems of the future. The provincialism of our forefathers is a relic of an age past. Internationalism must be faced, and the politics as well as the economics of Europe and Asia, of Africa, of South America, and of all the Isles of the Seven Seas, must be the concern of every wise American of today.

in a sealed tank from which it is forced under pressure through a die which shapes the clay into the article being manufactured.

The formed product is then stored in the drying rooms for a week or more till thoroughly dry. The length of time depends on the size and shape of the article, While standing drying, workmen scrape off rough edges and put on finishing touches.

When thoroughly dry it is fired in special down draft kilns. A glaze is imparted by throwing salt on the fires. Unglazed products—terra cotta—are less brittle than glazed, and are therefore suitable as flue linings, etc., which must stand heat.

days with Turpin, who instructed him in studio necessities for the manufacture of modern talking pictures and introduced him to several prominent producers.

Another old Essanay friend sought out by Rose was Jess Robbins, one of the original directors here in Niles. Robbins now is owner of one of the largest businesses in Hollywood. Robbins, still in touch with the picture industry, spent four days guiding Rose about Hollywood, and obtaining interviews with practically all of the producers of the south.

Robbins intimated that he and several others whom he might interest may come to Niles in the near future. Another plan suggested by Robbins was that he may consider entering the producing business himself now that his old scene of operations is available.

Both Robbins and Turpin told Rose that they plan to visit Niles within the next few weeks and renew old friendships, both with persons and with familiar scenes.

Ben Turpin sent a jovial "Hello" to Niles through Rose. He said, "Tell them I'm still cross-eyed. I have a warm spot in my heart for the people of Niles. I'm always out when the phone rings, unless it is Niles calling."

AUTO CRASHES STORE AT MACHADO CORNERS SATURDAY MORNING

Car and Store Wrecked; Principals Escape Injury.

After scraping fenders with another car, the coupe of B. C. Storie, San Jose, shot off the highway and crashed through the side wall of M. A. Freitas grocery store at Machado corners last Saturday morning narrowly missing a telephone pole at the side of the road. No one was injured.

The crash caused a shower of catsup, olive oil, mayonnaise, and other bottled goods which, with numerous articles of canned goods, were stored on shelves along the wall through which plowed the engine and body of the machine. Only the rear wheels and spare tire of the coupe remained visible outside after the crash. Damage of approximately $1800 was done to the store and grocery stock, according to Freitas.

Storie was proceeding toward Centerville when a car belonging to C. L. Montgomery, Woodside, turned onto the highway toward Alvarado from the Dumbarton bridge road. Storie swerved, scraped the rear fender of Montgomery's auto, missed death by a hair's breadth as he slithered past the telephone pole, and crashed through the grocery store wall.

Freitas daughter, at the door of the store, saw the approaching crash and warned her father inside the store. Both escaped outside. Storie miraculously escaped injury.

Body and front running gear of the coupe were badly wrecked. The car was towed to a San Jose garage after being stored over Sunday in Rose Garage, Centerville.

PATRON SAINT'S DEATH WILL BE COMMEMORATED

Portuguese Celebration Is Planned at Patterson for August 27

The seven hundredth anniversary of the death of St. Anthony which occurs this year will be fittingly commemorated by the Portuguese people of California in an impressive religous, patriotic, and social celebration at Patterson from Thursday, August 27, to Sunday, August 30.

Though acclaimed for seven hundred years by the whole Catholic world, St. Anthony is particularly honored by the Portuguese people, because he himself was a Portuguese, a native of Lisbon.

Following the religious triduum beginning Thursday, August 27, the celebration will be marked by a series of social events. A grand ball will be held on both Saturday and Sunday evenings at the Holy Ghost pavilion at Patterson. The ceremony of crowning the queen of the festivity will take place at the Saturday evening ball. At noon on Sunday, August 30 a monster free barbecue will be served to the thousands of guests. A variety of concessions will be set up for the entertainment of the visitors.

The honored guests at the celebration will be His Excellency the Most Reverend Edward J. Hanna, D. D., archbishop of San Francisco who will deliver the panegyric on the saint at the solemn high mass on Sunday morning, August 30, and Ex'mo Sr. S. T. Aragao e Costa, Portuguese consul of San Francisco, who will address the assembly.

Because of its central location Patterson was chosen as the logical place for the state wide celebration. Though Fresno is the exact center of California geographically, Patterson, some thirty miles nearer the coast, is the center of the Portuguese population of California. Access for the coast communities is convenient by the Pacheco Pass or the Oakland-Tracy highway, while the city of Patterson is conveniently situated for travel from Sacramento and San Joaquin valleys.

It is expected that tens of thousands of the Portuguese people from all over the state will participate in the septicential celebration at Patterson in honor of their national saint.

NEW SPEED LAW SETS 45 MILES PER HOUR LIMIT

Traffic Changes Will Be Effective After August 14

New traffic laws effective in the state of California on August 14 were announced this week by J. C. Macer, of the state highway patrol.

The new traffic law sets speeds at twenty miles an hour through incorporated towns and cities, twenty-five miles in residential districts, and forty-five miles on the open highway. Maximum speed at intersections will remain at fifteen miles.

Macer stated that the traffic laws will be more strictly enforced through towns than has been the practice in the past. On the whole, he said, speed through town has been too fast and that violators will be prosecuted to the full extent of the law.

Macer has received a new motorcycle capable of making 100 miles an hour.

a CITY of 200,000 that isn't on the map!
"HOTEL CITY," it might be called. For California's 2,500 hotels could accommodate the combined population of Long Beach and San Jose!
These splendid hotels not only provide modern comfort and convenience for Californians, but also attract and serve thousands of tourists.
And authorities estimate that tourists spend 500 *million dollars* yearly in California.
This profitable trade benefits everyone. Therefore Bank of America, in serving the hotel industry, is privileged to serve the entire state.
This Bank has assisted in financing the construction and operation of many of California's most successful hotels.
And more than 500 hotels, large and small, are Bank of America depositors.
The Bank provides convenient facilities for making daily deposits; supplies hotel cashiers with change and new currency; issues and honors travelers' cheques; reserves accommodations for customers.
Depositors in various branches, traveling about the state, often find it convenient to cash checks at hotels. And daily, hotel officials obtain from Bank of America, hundreds of reports which enable them to extend this courtesy.

DINNER PARTY GIVEN IN PLEASANTON SUNDAY

Mrs. Evelyn Tomasini Is Honored Guest at Afternoon Affair

Miss Evelyn Tomasini, of Pleasanton, daughter of Mrs. Fannie Jacobs, was the honored guest at a dinner party given at the Rose Cottage, Pleasanton, last Sunday afternoon. The table and room appointments were carried out in rose and silver colors. After the dinner the guests danced and played games.

Among those present were the children of the cottage, Miss Betty Parish, Mr. and Mrs. R. Codeglia and family of Oakland.

IT JUST GOES TO PROVE SOMETHING, ANYWAY

Should a death occur in Pleasanton within the next few days, Charles S. Graham, undertaker, and deputy coroner, will have to go outside the city for assistance. According to a survey made here yesterday, the two clergymen, the Rev. Father Timothy Galvin, pastor of St. Augustine's Catholic church, and the Rev. Robert C. Cross, pastor of the Presbyterian church, are away on their vacations.

Joe Trochi, official grave digger for the community, has been called away from town, leaving Graham, where he will either have to call on outside assistance in case of a funeral, or act in the capacity of clergyman, grave digger and undertaker, himself.

When greasing or graphiting the springs it is much easier to get the lubrication between the leaves of the springs by putting a jack under the end of the spring horn or shackle or jacking up the car in such a way as to take the wgeiht of the car off the springs. Even in case a spring leaf spreader is used it will be much easer to use the spreader effectively if this is done.

A sticking intake valve will cause the engine to backfire; a sticking exhaust valve causes the engine to miss.

NAVY TO ADVERTISE FOR SUNNYVALE BIDS DAY AFTER TOMORROW

Clear Title to Air Base Site In Hands of Government.

The Navy Department will advertise for bids on the nuge hangar to be constructed on the Sunnyale dirigible base. Saturday. This report, recently issued, indicates that clear title to the magnificent site in Santa Clara county has passed to the Federal Government, the gift of San Francisco bay communities.

This action marks the triumphal conclusion of the valiant fight waged by the bay area and in which many township people personally participated for an enterprise whose initial $5,000,000 cost, according to navy officials, will be insignificant compared to government outlays in the years to come.

Annual disbursement of hundreds of thousands of dollars in pay checks and local orders for materials and supplies will be one of the results of the air base of great benefit to this vicinity. It is istimated that five hundred men will be employed in preparing the base for operation. At its conclusion a standing army of five hundred men and officers will be stationed at Sunyvale.

With title to the Sunnyvale acreage turned over to the government, Lieutenant Commander L. Marshall, naval constructor in charge of building the dirigible base, will leave for Washington, where a series of conferences on final construction plans will be held. The hangar will be second only to the new Akron, Ohio, hangar and will cost, acording to estimates, between $1,500,000 and $2,500,000.

An idea of the size of the hangar may be obtained from engineering estimates that the Hotel St. Francis, Southern Pacific building, and the San Francisco City Hall could be placed inside and still have space to spare. It will be 1117 feet long, 308 feet wide, and 194 feet high with an inside clearance of 180 feet. It is to be of steel construction throughout.

Two main doors, one at each end, will weigh 500 tons each, will be opened and closed by 125-horse-power motors, and will be equipped with wheels and operated on rails.

Hangar plans call for elaborate machine shops and innumerable facilities to service and maintain the companion fleet of airplanes.

The base layout will include an administration building, aerological station, gas cell storage and repair facilities, storehouses, refrigeraion building, commissary, mess hall, cafeteria, laundry, garage, fire station, incinerator plant, amunition magazine, recreation hall, hospital, dispensary, barracks and residences for 500 officers and men.

PLEASANTON MAN PAINFULLY HURT IN AUTO WRECK

Accident Occurs Saturday Evening on Foothill Road

William Colbert was painfully injured when his car went into a ditch near his home on the Foothill road about 6:30 o'clock Saturday evening.

Colbert sufffered two fractured ribs and severe lacerations about the head and face. He was treated by a Pleasanton physician and returned to his home.

The injured man was unable to explain exactly how the accident happened. He was only a short distance from hs home at the time returning from Pleasanton. His car was completely wrecked and was hauled away by Hamer's Garage, Pleasanton.

RURAL CARRIERS MEET LAST WEEK IN PLEASANTON

Mail Men Discuss Problems Dealing With Postal Deficits

Rural mail carriers of the Santa Clara branch of the California State Rural Mail Carriers' association, met in a business and picnic session at McKinley Park in Pleasanton on Sunday, July 19. O. A. Page, of the Pleasanton post office was host for the meeting.

After a picnic dinner served by the wives of the carriers, the afternoon was devoted to business. The discussion of the problems facing the rural mail carrier, whose branch of the service is alleged by the postal authorities to be responsible for much of the deficit in operating the post office was carried out by members of the organization.

The carriers brought forth proofs to show that their branch of the service was not responsible for the deficit in any greater degree than other postal departments. Several of the resolutions introduced were ordered to be placed before the state convention to be held in Los Angeles in August.

Among the principal speakers were Welch Newman, of Rivera, chairman of the national convention committee; Dan A. Yeager, of Campbell, and William Ryhiner, of Lathrop, both members of the national convention committee.

The national meeting of the Rural Mail Carriers' association will be held in Los Angeles immediately following the state session the middle of August.

After the business meeting the carriers played horse shoes and engaged in other forms of amusements.

Welfare Board Moves Into New Quarters On August 1

New Hayward offices of the Welfare Board of south Alameda county are to be occupied by the first of August it was announced recently by Mrs. Lula-Boyd Stephens, executive secretary. The offices are on the second floor of the Palmtag building, "B" and Castro streets. For years the board has rented its quarters from Mrs. Emma Oakes at 941 "A" street.

The new quarters have been fitted up with all necessary furnishings, including a heating system. Moving started the first part of this week.

The problem of relief of indigents in this vicinity is growing increasingly vexing, Mrs. Stephens reports. As one means of lightening the burden, the plans to visit the United States board of immigration in San Francisco, with a view to obtaining assistance in sending unemployed people of foreign birth back to their native land. This measure has been undertaken with success in Los Angeles county, whence large numbers of Mexicans have been sent back to Mexico.

The measure would be taken only in cases of people who desire to return to their early homes rather than remain here unemployed, Mrs. Stephens emphasizes. Mexicans and Porto Ricans, with possibly some Portuguese of recent immigration, are the groups chiefly considered in the plan.

The board has steadily increasing numbers of people asking aid, Mrs. Stephens reports. The total now is about 850, as compared to the 480 of a year ago. Two-thirds of the 850 are active cases, despite the summer working season, and the others are expected to resume the active status within a few months. An increasing proportion of those asking and receiving aid are people with property, owned or mortgaged, who have lost their jobs and exhausted their savings.

The question of application of the law limiting distribution of public charity to those who have lived in California three years and in the county one year, which went into effect two weeks ago, is also vexing the welfare board workers. Many people who do not fulfill the conditions are destitute but have lost their legal residence status in their former home.

The board has adopted the policy of extending only emergency assistance to these and similar claims of doubtful validity. The anticipated increased call for relief next winter will be difficult to meet from county funds because of the large list of delinquent taxes, it is expected.

Two Men Are Hurt Late Sunday At Pleasanton Crossing

Hetch Hetchy Workmen Wreck; Are Taken To Hospital

Carl Johnson and Dan Walsh, Hetch Hetchy workmen, were painfully injured last Sunday morning when the automobile in which they were riding failed to make the turn at the Southern Pacific Railroad tracks and went over the embankment on the Livermore-Pleasanton highway.

Both men were taken to the Hetch Hetchy hospital in Livermore where they were given medical treatment. Both men were badly cut and bruised, but were not seriously hurt.

The men were returning from Livermore at the time of the crash, about 2:30 a. m. Sunday. After failing to properly make the turn, the machine went down the tracks a short distance and then off over the embankment. The car, a new sedan, was completely wrecked and hauled away by a Livermore garage.

ASSAULT BRINGS $10 FINE

William Messa was fined $10 by Judge Chas. A. Gale, of Pleasanton, in the town court Thursday after having been found guilty of battery. Mrs. Lulu Messa was the complaining witness.

In case the car might slip off the jack when changing a tire, put blocks fore an aft against the wheels that remain on the ground as painful injuries are often the result of the car catching the repairer.

An afternoon off costs but 4¢

when you cook with electricity!

HOW DELIGHTFUL to have an afternoon off whenever you want it!

Just let the electric range do your cooking automatically.

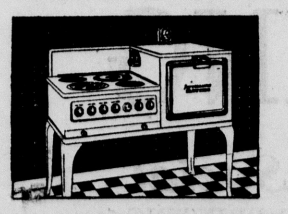

You simply prepare the dinner, place it in the oven, set the time and temperature controls and you're free for the entire afternoon. When you return home at six o'clock the meal is deliciously cooked—hot—and ready to serve.

On the average, cooking with electricity costs but 1c a meal per person. As for speed, the oven heats up to 400 degrees in 9 to 11 minutes! Platform cooking elements today are faster—as fast as you'd want them. Then too, you'll be delighted with the cleanliness of electric cooking.

A few dollars down will place the range of your choice in your kitchen. See the new electric ranges at our office today.

Local dealers also sell electric ranges.

LATE DIRECTORY OF NEWSPAPERS IS RELEASED

Detailed information of a statistical nature about the markets of California—

Desirable facts about the publishers of California's progressive daily and weekly newspapers—

An accurate and up-to-the-minute list of all the newspapers of California, their location, day of publication, circulation and display advertising rates—

One hundred forty-eight pages of this information in a single volume were released last week by the California Newspaper Association, Inc., compilers and publishers of this valuable work.

Two thousand copies of this book—known as the Newspaper Directory, Markets Survey and Rate Book of the California Publisher, monthly magazine of the newspaper association, were distributed to as many leading executives of national advertising agencies throughout the United States last week. The volume appeared as the second section of the July number of the newspaper magazine. It was the fifth annual volume of this nature and was marked by typographical and editorial improvements.

"The value of this annual volume to the state of California is inestimable," stated John B. Long, general manager of the California Newspaper Publishers Association, Inc., of which The Township Register is a member.

"Advance requests each year for the book in increasing numbers attests to its desirability among the big business executives who annually spend millions of dollars in California, not only to advertise their wares, but also to get proper distribution and merchandising cooperaion for their products.

The 1931 edition of The CNPA Market Survey is an attractive volume 9 by 12 inches in size, done in California golden yellow with a spray of California poppies in color and an enlarged emblem of the newspaper association on the front cover.

LIVESTOCK UNLOADING IN PLEASANTON LIMITS STOPPED LAST WEEK

Council Refuses To Permit Western Pacific To Use Corrals

REMOVAL IS UNDER WAY

Three Weeks More Before Loading Yards Will Be Completed

Further extension of time to the Western Pacific Railroad Company for the continuance of its practice of loading and unloading of livestock at its corrals within the Pleasanton town limits was refused by the town board at a special meeting held last Monday night.

Last Wednesday the City of San Francisco supervisors signed the deed giving the railroad title to the property near Pleasanton on which the company plans to erect its corrals to replace the one now in use. Work was started on the removal of the corrals the following day, but little headway was made.

Construction of the new corrals however, was not started immediately, and Councilman Frank Garatti, acting in place of the mayor, who was on a vacation, instructed Police Chief Wm. T. Davis to inform the railroad that the provisions of the ordinance would be enforced after Monday July 20.

Mayor A. Bruce Pickard returned over the week-end and after taking charge of the situation receive a communication from the railroad asking for another three week's extension of time before the enforcement of the ordinance.

It was said that it would take that long to complete the new corrals.

For the purpose of settling the question, the special meeting of the board was called on Monday evening. It was the attitude of council that in consideration of the fact that this ordinance had gone into effect on February 1, last, and that the Southern Pacific Company had complied with the law, the Western Pacific was not entitled to further time extension.

Police Chief Davis was instructed to enforce the ordinance after midnight, July 20, in accordance with the letter of last week.

Following his visit in Pleasanton, Douglas took off for Santa Rosa airport.

PARADISES FOR ANGLERS LISTED IN LATE REPORT

Stream fishing in Northern California continues fairly good, according to latest reports furnished the Southern Pacific company and released here today by Harvey Braun, Niles agent.

At the same time it was indicated that lake anglers are having more than ordinary luck, particularly at Lake Almanor in Plumas county. Fishing at Bass lake in Madera county was also said to be fairly good.

In the high Sierras, the Truckee river remains low and clear and fishing continues excellent, with a number of limits reported in the past week, according to word received by Braun.

Salt water fishermen are also enjoying fine sport at Port Costa and Santa Cruz, it was stated. Detailed reports follow:

Mt. Shasta: Fish taking flies and sport good during past week.

Hornbrook: Summer fishing in Klamath river only fair but good trout sport in Salmon and other tributaries.

Castella—No catches of importance taken from upper Sacramento in this vicinity during past week. However, some good catches reported from McCloud river.

Gerber: Fishing poor on lower part of streams but better near headwaters.

Red Bluff: Several local fishermen have brought in excellent catches from Lake Almanor.

Delta: Fishing in this vicinity very good during past week.

Port Costa: Bass fishing here very good in past week. Sharks have started running, and it does not look so promising at present.

Santa Cruz: Good catches being made both from wharf and deep sea. Wharf fishermen have landed catches of smelt, halibut, king fish, salmon, bass, yellow tail, rock cod, and mackerel.

Mrs. R. H. Hunt entertained her daughter, Mrs. Waldner, and her two children, of Taft, the past fortnight.

Today's Scripture LESSON

By Rev. John R. Stevenson

Reemember not the sins of my youth, nor my transgressions; according to Thy mercy remember Thou me, for Thy goodness sake, O Lord.—Ps. xxv. 7.

When on my aching, burdened heart
My sins lie heavily,
My pardon speak, new peace impart,
In love remember me.

FORMER RESIDENT FROM PLEASANTON WEDS IN OREGON

Margaret Schnieder Becomes Bride of Charles Barnard

Miss Margaret Schnieder, of Eugene, Oregon, a former resident of Pleasanton, became the bride of Charles Barnard, of Eugene, at a ceremony performed at the home of Mrs. David Hunter two weeks ago.

The bride is the daughter of Jacob Schnieder, a former pioneer resident of this place, now of Oakland. Mrs. Barnard is very well known in Pleasanton, and a graduate of the Pleasanton Grammar School.

Mrs. Barnard has been away from Pleasanton for three years and has been making her home with relatives in Oregon. She is the sister of Mrs. Charles Fiorio of Pleasanton.

Mr. and Mrs. Barnard will make their home in Eugene.

NEW PLEASANTON CIVIC BODY HOLDS OFFICERS' ELECTION

Promotion of Civic Betterment Through Cooperation One Aim

NAME SEVEN DIRECTORS

Roster of Group Shows Total of Twenty-one Members

Pleasanton's newest organization formed for and by the young business men of the community came into being on Monday night of last week with the formation of the Pleasanton Junior Chamber of Commerce.

The official organization came into being last week after a temporary club was formed on Friday night of the week before. The Junior Chamber of Commerce has twenty-one members on its roster, none of whom have reached the age of forty years.

The members are either in business for themselves or are representing Pleasanton business. The organization has asserted its principles as being for the civic betterment of Pleasanton.

Andrew M. Greve was elected to the presidency of the Pleasanton Junior Chamber of Commerce by the unanimous vote of the organization. Three others also were accorded the honor of having been elected by a unanimous vote. They were John J. Amaral to the office of vice-president; Lloyd H. Rhodes to the secretaryship; and William F. Hall to the post of treasurer.

Three directors were elected as follows: Andrew L. Jorgensen, Samuel D. Glassey and Peter Christesen. Those seven men will constitute the governoring body of the chamber.

After the meeting Monday evening the chamber adjourned in a body to the town hall where the board was in special session. Through President Greve the support of the new organization was pledged to the town board. Other members of the chamber also spoke.

It was brought out by the members of the Junior Chamber of Commerce that they realized that in a few years they would be of necessity forced to take up the work of the present Town Fathers and that they hoped through their organization to fit themselves to be worthy successors.

Mayor A. Bruce Pickard extended the organization the congratulations of the board and expressed the belief that many good things would come from the new organization.

Councilman Randolph W. Apperson, also a member of the Junior Chamber of Commerce, expressed for the board its attitude by announcing that the council chambers would be at the disposal of the organization for its meetings. This announcement met with the immediate approval of the new chamber, which was still considering a meeting place at the time the offer was made.

Town Clerk Crawford Letham also president of the Pleasanton Chamber of Commerce, welcomed the new organization in the name of the "senior" chamber of commerce and extended an invitation to its members to attend the senior organization's barbecue to be held the latter part of this month.

The Pleasanton Junior Chamber of Commerce will hold its meetings each second and fourth Thursday evenings of the month. A special meeting has been called for Thursday evening, July 30, for the purpose of arranging for the installation of officers about the middle of August.

The roster of the club is as follows: Andrew M. Greve, John J. Amaral, Lloyd H. Rhodes, William F. Hall, Andrew L. Jorgensen, Samuel D. Glassey, Peter Christesen, Randolph W. Apperson, Beuford Hall, Manuel Oliveria, George S. West, Clyde Potvin, John W. Ruppel, Jack J. Taylor, James Trimingham, Frank Trimingham, Alfred Andresen, F. W. Brenner, R. E. Cope, Ernest W. New Type Highway Signs Considered by Pleasanton Club

Possibility of the early erection of signs pointing out to tourists where Pleasanton begins and ends, also the elevation of the town, looms up this week as the result of a meeting of the Pleasanton Lions club Tuesday night.

The action was taken following an interesting address by Judge Chas. A. Gale, told of a recent trip through northern California, Washington, Oregon, Canada and Alaska. Judge Gale pointed out that most of the towns along the route taken by him had appropriate signs informing the traveling public that they were about to enter a town, and at the other end of town another sign repeated the name of the town they were leaving and told how far it was to the next town.

Judge Gale's suggestions received the hearty support of the club president, who had returned from a similar trip. Other members expressed themselves of the opinion that improvements of a similar character might be taken up in Pleasanton. The president agreed to appoint a committee within a few days to look after the matter.

A communication was received from Cyril Bairos, student at Stanford University, expressing his appreciation of a recent letter of commendation and encouragement sent him by the Lions club.

George Roraback, of Sunol, advised the club that under the provisions of the motor vehicle act, as amended by the last legisature a number of changes would be made in road signs, and that deputies from the county surveyor's office were now checking up on the present signs and would endeavor to have all signs to be required by the new law, placed in uniform position.

Crawford Letham introduced John J. Amaral as vice-president of the recently formed Junior Chamber of Commerce. Amaral as a representative of the young organization, was accorded a welcome by the Lions and was pledged the support and assistance of the club.

Members of the Lions club were invited to attend the annual barbecue of the Pleasanton Chamber of Commerce to be held next week.

PLEASANTON MAY CUT LICENSE LAW VIOLATION FINE

The matter of reducing the minimum fine for violations of the license law in Pleasanton was referred to Councilman Thomas Orloff, chairman of the judiciary committee.

It was reported to the board by Police Chief Wm. T. Davis that in the opinion of the town court the minimum fine was too high, and that in many cases judgment was suspended because of the unfairness of the fine in comparison to the offense.

A simple way to prevent the formation of rust on tools is to boil them in a strong common soda solution for 15 or 20 minutes, after which the tools will keep clean for a surprisingly long time.

Whenever the starter seems to lose its quick engagement it is a good plan to see if the water level in the battery is well up. Nothing hurts a battery more than to be made to work on full load with a half empty container.

It is an easy matter to keep the instrument board dials clean, and many troubles follow the habit of allowing the instrument faces to become dirty and go unnoticed.

Plan To Increase Pleasanton Sewer Farm Efficiency

Town Board Takes Steps To Remedy Problem of Sewage

As a means of increasing the efficiency of Pleasanton sewer farm, Councilman Peter Madsen, chairman of the public utilities committee, was instructed by the Pleasanton council last Monday evening to proceed with the removal of the top surface on the tank at the disposal farm.

This action has been advised as at least a means of improving the condition at the sewer farm, while the board continues its search for the proper method to meet the situation.

This work will be done as quickly as possible, Councilman Madsen assured the board.

Henry Hovland, of Oakland, was fined $35.00 by Judge J. A. Silva Tuesday for reckless driving. He was said to have been intoxicated.

MORE ON Campaign Closes

(Continued from Page One)

Mothers and fathers are entering into the spirit of the campaign and are assisting in a number of cases to help swell the total subscriptions secured by their sons and daughters and to encourage them in salesmanship and thrift. And in the confidence that it will give them, residents of Washington Township can have their favorite boy or girl to call for a subscription by phoning the Township Register.

Must be at the Office

It is obsolutely necessary that boys and girls be in the Township Register office by 7:30 p. m. next Saturday, August 1, to have late subscriptions counted, as the office door will be locked at that time, the time to be decided by Mr. O'Brien's watch.

Any boy or girl in the office at that time will be given credit for any subscriptions they wish to turn in before the final count starts. No subscriptions will be received or counted in the campaign that are not in the office at 7:30 p. m. Saturday, August 1, 1931.

Last Information

The campaign will close promptly at 7:30 p. m. next Saturday. The $60 in gold, silver money and the other six big gifts will be awarded about 8 p. m as soon as the final count is made by Mr. O'Brien. No information as to the standing of the boys and girls will be given out after 6 p. m. Saturday, July 30, until the final count is made next Saturday night.

Parents and Friends Invited

Parents and friends of the boy and girl entrants in the Township Register's vacation expense money campaign are invited to be present at the Register office when the final count is made and the twelve big gifts are awarded next Saturday night.

Manager's Hours Saturday

Campaign Manager O'Brien will only be in the Register office next Saturday at the following hours: 8 to 10 a. m., noon to 1 p. m., 4 to 5 p. m., and 7 p. m. till all gifts are awarded.

Boys and girls are requested to only call at the Register office Saturday at the hours stated.

How They Stand

Elmo Cox was leading the boys' division and Lorraine Oliver the girls' division at 6 p. m. Tuesday, for first gifts of $15 in gold. Howard Stinhilver, of Centerville, and Antone Reis, of Mission San Jose, were tied for the boys' second gift of $10 in gold. Howard Rose, of Niles was next highest with Bobby Davis, of Irvington, Billy Millet, Centerville, Joe Correa, Niles, all three tied and close up, and others making gains as the campaign nears its close.

Helen May Witherly was leading for the girls' second gift of $10 in gold with Alvina Santos, of Alvarado, and Marion Dick, of Centerville, close up. Myrle Cox and Mary Sousa, of Niles, and Margaret Kitashima, of Centerville, are all bunched for the next position with other late entrants making gains.

Campaign Manager O'Brien stated that the race in the Register's campaign is one of the closest that he has had and that no doubt it will take the last hour's work Saturday of the boys and girls to decide the big winers next Saturday night.
